Second author's brief professional biography: This biography should be no more than 100 words and should describe the contact author's professional credentials, background, experience, and research interests/initiatives.

Date of Study Conducted

**Abstract:** The body of your abstract begins here. The abstract should be an explicit summary of your presentation that states the problem, the methods used, and the major results and conclusions. It should be single-spaced in 10-point Times New Roman. This section of the abstract should explain how you went about solving the problem or exploring the issue you identified. We recommend that you download these directions as a MS Word document and use it as the template for your abstract as it contains all necessary formats and styles. The content of the abstract will be the basis for acceptance of the paper presentation at the international research conference. The abstracts will be peer reviewed and authors will be informed about acceptance for presentation via email. Be sure to adhere to the word limitation for the abstract (250 words).

The entire abstract must not exceed 250 words.
